

## Hyperactive Technologies Signs Distribution Agreement with Cosmos 21+ Group

**Pittsburgh, PA, March 12, 2007...**HyperActive Technologies, Inc., a world leader in kitchen production management systems, providing real time operational solutions for quick serve and fast casual restaurants, has recently signed a Value Added Distributor Agreement with the COSMOS 21+ Group, based out of Melbourne, Australia.

The COSMOS 21+ Group was founded in 1998 by Peter Mayhood, who brings with him 35 years of experience in Information Technology and 15 years in the QSR industry. The company has since grown to be one of Australia's leading providers of information technology products and services to the retail food sector. This distribution agreement would enable the Cosmos 21+ Group to distribute HyperActive Bob, the company's flagship product, along with other HyperActive Technologies products to the Quick Service Restaurant (QSR) market in Australia.

Many of COSMOS 21+ Group's prospective QSR clients are brand concepts HyperActive Technologies is currently working with in the United States, or with whom they have targeted for future relationships. "This agreement provides us with the opportunity and resources necessary to penetrate the international QSR market," said Joe Porfeli, CEO of HyperActive Technologies. "I believe that the Cosmos 21+ Group will represent us extremely well in the industry and we're excited to be working with such a reputable provider of technology solutions."

"This product has the potential to have a huge impact on the way the entire quick serve industry manages its operations," said Adam Mayhood, CEO of the Cosmos 21+ Group; "I'm excited to be working with HyperActive Technologies to bring such a technology to the Australian market."
